

Palmetto Smiles of Beaufort Newsletter

PATIENT REFERRAL CONTEST

Tis' the season for giving — and winning! Refer friends and family to Palmetto Smiles of Beaufort between September 23rd and December 12th and you could be the lucky winner of a Holiday Shopping Spree with gift cards to your favorite local Beaufort shops and restaurants!

Also, congrats to our 3rd Quarter Patient Referral Contest Winner, Craig Lehman! We hope you enjoy your new YETI with lowcountry essentials. Thank you for your referrals and continued support!

DR. WALLACE'S FALL COCKTAIL - SPARKLING APPLE CIDER SANGRIA

YIELDS:
5 serving(s)

PREP TIME:
5 mins

TOTAL TIME:
10 mins

Ingredients

- 1 lemon wedge
- 1/4 c. cinnamon-sugar
- 1 (24-fl oz.) bottle sparkling cider, chilled
- 1 bottle white wine, chilled
- 1/3 c. fireball
- 2 apples, thinly sliced, some reserved for garnish
- Cinnamon sticks, for serving

Directions

Step 1

Rim each of your glasses with lemon wedge and dip in cinnamon-sugar.

Step 2

In a large pitcher, combine cider, wine, and fireball. Add sliced apples and stir to combine.

Step 3

Serve into prepared glasses and garnish with an apple slice and cinnamon stick.

USE IT
OR
LOSE IT

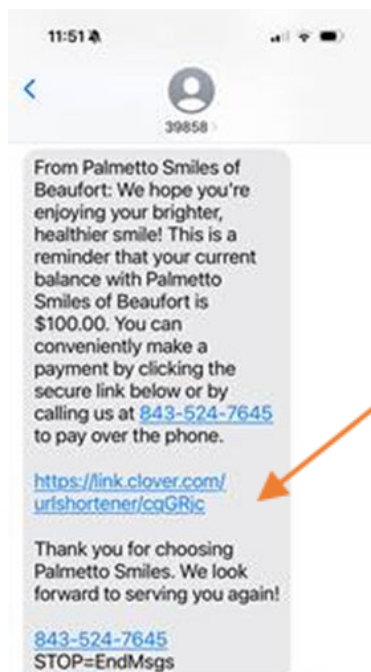

You pay your insurance premiums all year long, but for many insurance plans, certain benefits such as dental benefits expire at the end of the year. If this applies to your policy, you owe it to yourself to use those dental benefits before the end of the year because what you don't use, you lose!

Contact us today, and don't let your valuable insurance dollars go to waste! We are here to help you secure the insurance coverage available to you on every dental procedure you schedule.

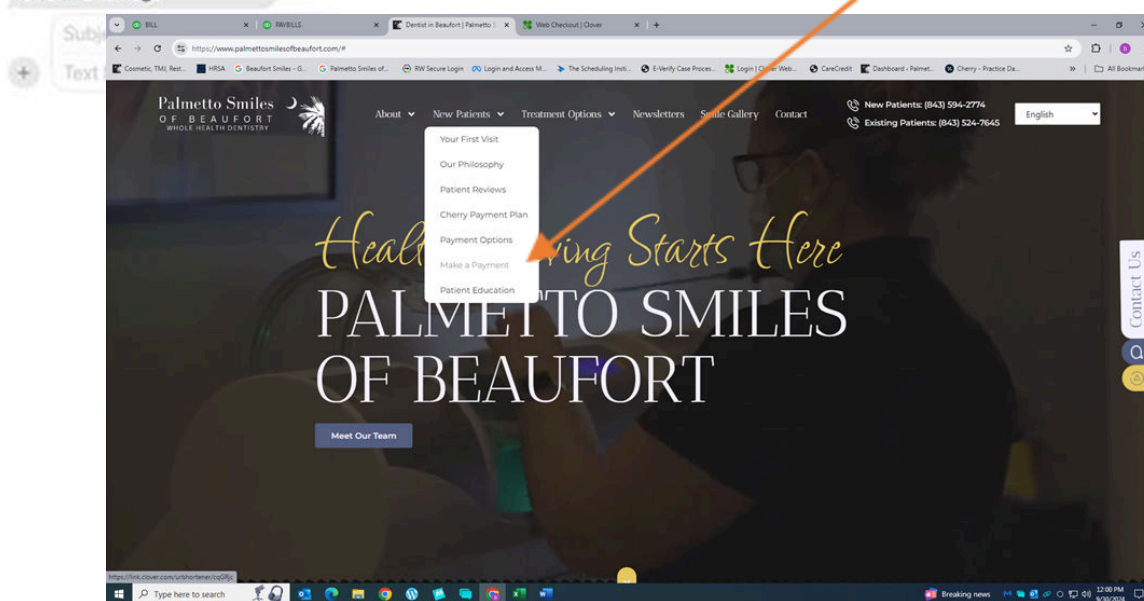

IMPORTANT UPDATE: NEW ELECTRONIC BILLING SYSTEM STARTING OCTOBER 1, 2024

We are excited to inform you about a new, more convenient way to receive and pay your dental statements. Starting on October 1, 2024, our practice will transition to an electronic billing system.

Instead of receiving paper statements, you will now get a text message and/or email with your balance.

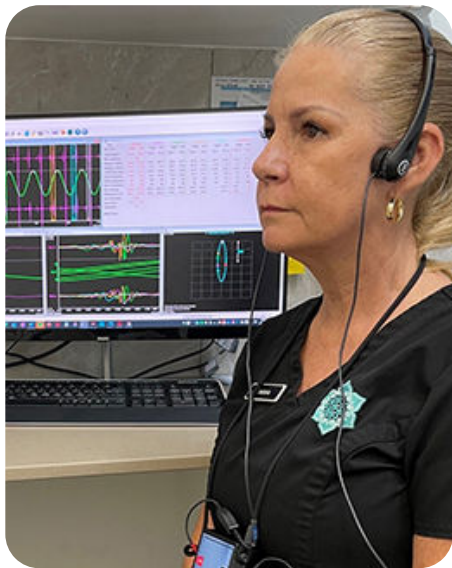

You can easily pay your balance by clicking on the secure Clover payment link provided in the message, or you can visit our website at www.palmettosmilesbeaufort.com and make a payment from there.

This change is part of our ongoing efforts to streamline our services and make your experience with us even more efficient. We appreciate your understanding and are here to assist if you have any questions or need help with the new system.

Thank you for trusting us with your dental care!

TO SAY WE'RE PASSIONATE ABOUT CLINICAL OUTCOMES AND EMPOWERING COMPLETE WELLNESS WOULD BE AN UNDERSTATEMENT.

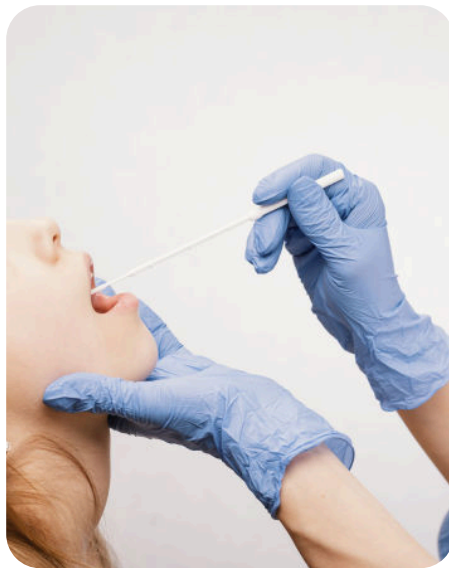

Joint Vibration Analysis

Joint Vibrational Analysis is a non-invasive method for objectively evaluating the Temporomandibular Joints. In less than 5 minutes, we can perform a test that analyzes the stability and function of the Temporomandibular Joint and evaluate whether TMD is present and if treatment is in order.

T Scan

All dental procedures impact occlusion. Poor occlusion affects quality of life. T-Scan™ provides dynamic occlusal measurement - revealing the level and timing of force on individual teeth and the occlusal stability of the overall bite.

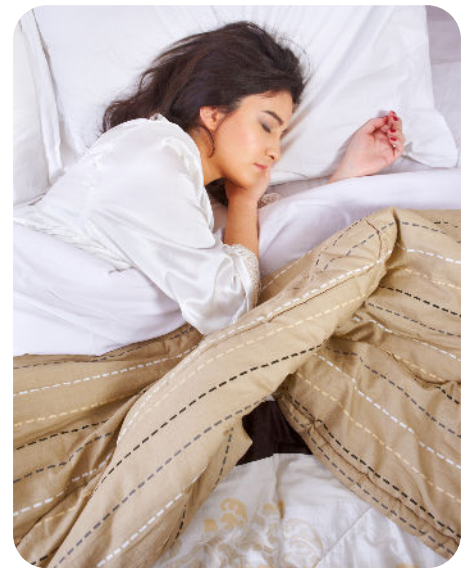

Perio Saliva Test

We provide highly sensitive, highly specific, and a deeper level of analysis using proprietary molecular technology purpose-built for robust multiplex analyte detection.

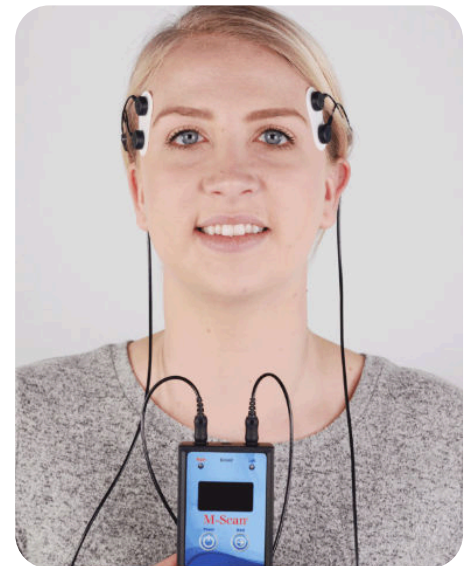

MLS Therapy

MLS laser therapy works by using two wavelengths of light to target tissue. One wavelength reduces swelling, while the other relieves pain. The therapy activates the lymphatic drainage system to reduce swelling, and speeds up recovery by boosting the metabolic response of cells. MLS laser therapy is painless, doesn't require medication or surgery, and has no side effects.

Sleep Screening

How is your sleep? Our sleep screening device can tell you if your oxygen and heart rate becomes erratic during sleep, an effect of sleep apnea.

M Scan

M-Scan is specifically designed to record craniofacial muscle activity during function and resting. This information is invaluable for optimum dental results and creating beautiful dentistry that works with the patient's unique physiology.

Smile Brighter. Pay Later.

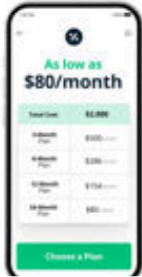

Get the dental care you need at a smaller monthly cost, with Cherry Payment Plans.

withcherry.com

Ask any team member about Cherry today!
